Employee name: e.g. Kasun Perera

Last working day: mm/dd/yyyy

Completed by: Your name

0 of 41 done (0%)

1. Entra ID (Azure) account

0/9

- [ ] Disable sign-in (block account)
- [ ] Revoke all sessions
  Do this right after disabling
- [ ] Remove MFA / Authenticator methods
- [ ] Remove registered / joined devices from Entra ID
- [ ] Remove from groups, Teams, SharePoint sites
- [ ] Check for app registrations / service principals / API keys they created
- [ ] Check role assignments (admin roles, PIM)
- [ ] Check Conditional Access exclusion lists
- [ ] Reset password (random) and keep account disabled

2. Intune devices

0/8

- [ ] Collect laptop and accessories
- [ ] Back up needed data from device before wipe
  Wipe cannot be undone
- [ ] Save BitLocker recovery key if needed
- [ ] Wipe laptop (do NOT retain enrollment/user account)
- [ ] Delete Autopilot device record
- [ ] Wipe mobile / tablet (disable Activation Lock first on Apple devices)
- [ ] Reassign primary user / delete stale device records

- [ ] Update asset register

3. Email and data

0/6

- [ ] Convert mailbox to shared or give manager access
- [ ] Check and remove mail forwarding rules
- [ ] Transfer OneDrive files to manager
- [ ] Set auto-reply with new contact person
- [ ] Apply retention / legal hold if required
- [ ] Remove licence (only after data is handled)

4. Access outside Azure

0/9

- [ ] VPN access removed
- [ ] Wi-Fi / NAC credentials removed
- [ ] Password manager: removed from shared vaults
- [ ] Rotate shared / service account passwords they knew
- [ ] SaaS apps removed (GitHub, Jira, Slack, CRM, HR, accounting…)
  Especially apps without SSO
- [ ] Cloud consoles removed (AWS / GCP / hosting)
- [ ] Domain registrar / DNS access removed
- [ ] Social media / vendor portals / company card
- [ ] Removed from distribution lists and shared mailboxes

5. Physical and HR

0/5

- [ ] Access card / keys / door codes collected
- [ ] Exit interview done
- [ ] Final settlement processed

- [ ] NDA / confidentiality reminder given
- [ ] Team and clients informed of new contact

6. Final checks

0/4

- [ ] Reviewed sign-in and audit logs for last 30 days
  Look for mass downloads and unusual access
- [ ] Account kept disabled for 30 to 90 days
- [ ] Account deleted after data transfer (date noted in Notes)
- [ ] Checklist saved / printed for records

Notes

Anything unusual, pending items, data transfer details...
